

WHY BOOK A CRUISE GROUP?

Do you have a special celebration coming up? Have you ever taken a cruise with your extended family or a group of friends?

Is it time to celebrate a graduate? A birthday milestone? A reunion? Book club?

Maybe you just want to celebrate life with your favorite people. Quality time on the ship and visiting breathtaking destinations with your favorite people is a great way to make lasting memories.

Guess what?! You can save money by booking into a cruise group.

Maybe you can't find a large group of people to travel with? Book into an established group and reap the same benefits!

Booking into a group doesn't mean you have to hang out all day everyday with people you don't know. But hey, you might make a friend or two.

Total Voyage Travel can put together a special group for your next celebration.

WHAT ARE THE BENEFITS?

1

Most cruise lines give you a special perk for booking 8 cabins or more. Sometimes it is a FREE cabin!

2

Group pricing is usually lower than the listed price

3

Onboard credits (money you get to spend on the ship)

4

Special amenities (wine, cocktail parties, specialty dining, and more)

Let's book your next celebration!
